Help Sorority Women Reach their Educational Goals & Pursue their Dreams

Now in our second century, Greater Long Beach Alumnae Panhellenic supports the sorority experience of scholarship, leadership, friendship and philanthropy. Our GLBAP members represent the 26 organizations of the National Panhellenic Conference. We know the lifetime of benefits that sororities offer and promote participation among both students and alumnae. The hallmark of GLBAP is our scholarship program. Each spring, we present awards to exceptional sorority women who attend California State University, Long Beach or who graduated from an area high school and attend college elsewhere in the U.S. We also have a new scholarship award for an alumna who is continuing her education and remains active with her sorority.

Since the late 1950s, we have presented more than 200 scholarships, totaling over \$115,000 to outstanding collegians for their excellence in academics, sorority activities, community service and extracurricular pursuits. We hope you will help us build on this important tradition. Please donate today (or tonight!) and encourage your sorority sisters to do the same. We welcome contributions of any amount. *All those who donate will be entered into a drawing for a bottle of Champagne and a fun sleep mask at our spring scholarship banquet.*
